

Forest School clothing recommendations

The following recommendations are based on our experiences doing Forest School over the last two years and are all brands we would recommend for keeping children warm and dry in the Autumn and winter months.

Levels of activity obviously vary, child-to-child but all of the recommended clothing would be suitable for puddle jumping, climbing, running and rolling about, getting pretty mucky in!!

PLEASE NOTE: We often have 2nd hand waterproofs available to purchase for a small donation should you find you are struggling to get any yourself. Please speak to your Room Leader for more information.

Coat, waterproof & gloves brands we love:

Wet Wednesdays
Jojo Maman Bebe
Mountain warehouse 3-in-1 jacket
Caretec
Lupilu
Frugi
Peter Storm
Muddy Faces
Muddy Puddles
Nevica
Polarn O. Pyret
Didriksons

Maintaining waterproofing:

Waterproof clothing should not be washed using normal detergents. Special waterproofing wash can be purchased for use with any waterproof clothing. It is also best to avoid washing frequently as this will damage the waterproof layers of the garments.

For more information about how to get the best out of your waterproof kit have a look at this article:
